DON METTE
Fire Chief

May 20, 2009

To Whom It May Concern,

It is my pleasure to supply this letter of recommendation on behalf of Citygate Associates. In late 2008, the Sacramento Metropolitan Fire District entered into a contract with Citygate Associates for consulting services for a Standards of Cover plan and for technology consulting services for the purchase, installation and training of a Geo-Mapping incident response time analysis software program.

Citygate has provided us with exceptional support and recommendations in the areas of response performance goals for determining current and future staffing, reduction planning, fire station placement, and equipment placement or relocation. Their ability to deal with a very large agency with a lot of detail for growth combined with future cost of service strategies was impeccable. They are experts in their field and I can confidently recommend Citygate Associates as a solid and reliable consultant.

If I can be of any assistance, or provide you with any further information, please do not hesitate to contact me at (916) 566-4301.

Sincerely,

Don Mette
Fire Chief
